Introduction

WWW.VICKYELMOREKITCHENS.CO.UK

It's a personal, hands-on process that keeps everything local, well made, and designed just for you.

All of my kitchens are made to order by a trusted, independent manufacturer based in Bristol. Each kitchen is built using high-quality materials and craftsmanship, offering a locally made, sustainable alternative to high street retailers. By sourcing directly from a nearby manufacturer, I'm able to provide exceptional quality, flexibility in design, and competitive pricing — without the showroom overheads. Every kitchen is created to suit your space, your style, and your budget, with the option for bespoke sizes and custom paint colours.

DRAWERS

We partner with Blum for their precision engineering and continual innovation. Their extensive product range sets the standard for quality and functionality.

Blum Antaro

The Blum Antaro drawer boxes are our staple, go-to product. The Antaro drawer has a clean rectangular design and can be combined with a square gallery rail or with an optional glass design element to produce closed drawer boxes. All the components have been colour-coordinated in Light Grey, underlining the minimalist design.

Blum Legrabox

The Legrabox drawer has an impressively slim side (12.8mm), straight lines and a high quality of motion, finished in stylish Orion Grey (anthracite). The drawer bases are lined with a fibre non-slip matting, and internal drawers come in three different options: Pure with gallery fascia, Pure with Design Element fascia, and Free with Design Element sides and fascia).

Oak Dovetail

13mm Solid Oak Drawer Boxes with Dovetail Joints available on all cabinet constructions subject to a surcharge, finished in 20% sheen clear lacquer.

Made-to-order cabinetry in classic and contemporary styles.

TRUE HANDLELESS

A refined balance of European design and British manufacture. Our true handleless kitchens feature seven rail options and a wide choice of slab fascias, offering a clean, contemporary finish.
